A The combined average relationship ledger balance is calculated as the client's highest average combined monthly ledger balance during the 3 most previous months in any Truist business checking account, business money market account, business savings account or business CD.

B The term "Total Combined Transactions" refers to any combination of checks deposited and paid, debit and credit memos, deposit tickets, online bill payments and electronic debits and credits (including debit card transactions). The total includes the number of transactions in this product.

C Standard Monthly Maintenance fee is waived and level Premier applied when properly linked to a business relationship. See Truist Personal Deposit Accounts Fee Schedule for additional details on Truist One Checking Account with level Premier benefits.

D We perform a calculation for each of the prior three (3) calendar months ("monthly review"); for each monthly review, this calculation determines the highest average monthly balance of your combined eligible business deposit balances. We will use the highest average monthly balance amongst those 3 monthly reviews to assign your Tier level as follows: Preferred Tier if combined eligible business balances are \$50,000 or greater, Plus Tier if combined eligible business balances are between \$25,000 and \$49,999.99, Core Tier if combined eligible business balances are less than \$25,000.

E See ATM fee disclosure for further details on ATM charges. Unlimited ATM fee waiver limited to domestic ATM charges only.

F Subject to enrollment in Truist Online Banking and standard payroll fees apply. Any custom pricing negotiated will not be eligible for the balance-based discounts. See full Online Payroll disclosures in the Truist Additional Banking Services section of this Business Deposit Accounts Fee Schedule. Online Payroll fees and limits are per calendar month. For further questions contact your Truist Banker, Relationship Manager or Treasury Solutions Consultant.

G The Delta SkyMiles® Business Debit Card Annual Fee is charged 45 days after the open date of the card. For Truist Dynamic Business Checking account clients, the initial Annual Fee will be based on the sum of the highest monthly average balance of your combined Truist business deposit balances on that date. Thereafter, we will use the highest average monthly balance of the 3 most previous months to determine your annual fee. Annual Fee tiers are defined as follows: a) Highest 3 Month Average Balance of less than \$25,000 is charged an annual fee of \$120 b) Highest 3 Month Average Balance of \$25,000 and less than \$50,000 is charged an annual fee of \$90 and c) Highest 3 Month Average Balance of \$50,000 or more is charged an annual fee of \$60. Annual fee will be calculated at the end of the month prior to the annual fee being charged. For all other Business Checking accounts, the Annual Fee is \$120. See the Delta SkyMiles® Program Terms and Conditions for complete program details.

H Truist Small Business Lending loans and lines of credit are subject to credit approval. A loan applicant may be eligible for an interest rate discount of 0.25% to 0.50% on Small Business Lending loans and lines of credit. The interest rate discount is based on the Dynamic Business Checking - Deposit Balance Tier Benefits, as defined above, in effect on the loan application date. Small Business loan applicants and co-applicants are not allowed to combine interest rate discounts. One interest rate discount is permitted per loan. The interest rate discount shall be applied to the interest rate disclosed to loan applicant at the time of loan approval. The interest rate discount is non-transferable and is only available for loans/lines of credit originating through the Retail Community Bank, branch, phone, and online bank channels (Small Business Lending interest rate discounts are not available to business cards, commercial or corporate loans). Any additional promotional offers and terms will be disclosed to the loan applicant at the time of such offering.

I Benefit is per calendar month and will appear in the form of a Merchant Statement credit for the prior month. To receive benefit, Merchant account must be open, in good standing, and processing at least 1 sale of \$5 or greater for the month prior. Funds must be deposited into the Truist Dynamic Business account. Offer is limited to one incentive per business and its related entities and does not apply to second or multiple business relationships. Truist Merchant Services are subject to business type and credit approval.

J First free or discounted check order benefit applies to new accounts and existing accounts that have not previously ordered checks.

– ACH (Automated Clearing House) Received Debit – per item .....	\$0.20
<b>Monthly Coin and Currency Deposited Fee (Per \$1.00)</b> .....	\$0.0030

### Interest

- For Analyzed Interest Checking accounts, interest is based on simple interest and credited to the account on the first business day after the 20th of the following month
- Variable rate that can change at any time at the Bank's discretion.

### Product Specific Benefits

- Interest is paid on excess balances above those needed to offset service charges.
- Service charges may be reduced or eliminated through an earnings credit.<sup>C</sup>
- The ability to group multiple Analyzed Interest Checking accounts allows a consolidated analysis of balances and services to reduce or eliminate certain service costs.
- No-fee, monthly analysis statement, including detailed information regarding checking and treasury management services separate from your deposit statement.

*The prices listed for Analyzed Interest Checking are also applicable to Intercompany Interest Checking*

<sup>A</sup> Credits posted is a fee for posting deposits (credits) to an account. Deposits include transactions made at a branch or ATM. They also include but are not limited to credits posted from account transfers, wire transfers, Real Time Payments (RTP) deposits, Image Cash Letter deposits, Remote Deposit, sweep transfers, online banking transfers and other electronic credits.

<sup>B</sup> Check Paid and Other Debits fee is a fee for posting checks or drafts (debits) for payment on the account. Debits include withdrawal transactions made at a branch, or ATM. They also include but are not limited to: debit card purchases, bill pay, sweep debits, wire transfers debits, Real Time Payments (RTP) transfers, certified checks, legal order debits and other electronic debits.

<sup>C</sup> Earnings Credit Rate (ECR). ECR is a variable rate and may change any time at the Bank's discretion, and may be a rate of zero. The earnings credit on all applicable accounts is calculated by applying a monthly periodic rate to the monthly average positive available balance in the account each month as follows: monthly average positive available balance x ECR / days in the year x days in the month. Unless otherwise agreed upon, earnings credit is applied to your account on a monthly basis, and unused earnings credit during a month cannot be used in following months. If the earnings credit for a given month is less than the total of service charges, then the applicable fees will be assessed to the account. For purposes of this paragraph, the term "average positive available balance" means the average account balance for the statement cycle less the average amount of each day's deposit that is in the process of collection.

### Interest

- For Analyzed Interest Checking – Public Fund accounts, interest is based on simple interest and credited to the account on the first business day after the 20th of the following month.
- Variable rate that can change at any time at the Bank’s discretion.

### Product Specific Benefits

- Service charges may be reduced or eliminated through an earnings credit<sup>C</sup> and interest is paid on excess balances above those needed to offset service charges.
- The ability to group multiple Analyzed Interest Checking – Public Fund accounts allows a consolidated analysis of balances and services to reduce or eliminate certain service costs.
- No-fee, monthly analysis statement, including detailed information regarding checking and treasury management services separate from your deposit statement.

A Credits posted is a fee for posting deposits (credits) to an account. Deposits include transactions made at a branch or ATM. They also include but are not limited to credits posted from account transfers, wire transfers, Real Time Payments (RTP) deposit, Image Cash Letter deposits, Remote Deposit, sweep transfers, online banking transfers and other electronic credits.

B Check Paid and Other Debit fee is a fee for posting checks or drafts (debits) for payment on the account. Debits include withdrawal transactions made at a branch, or ATM. They also include but are not limited to: debit card purchases, bill pay, sweep debits, wire transfers debits, Real Time Payments (RTP) transfers, certified checks, legal order debits and other electronic debits.

C Earnings Credit Rate (ECR). ECR is a variable rate and may change any time at the Bank’s discretion, and may be a rate of zero. The earnings credit on all applicable accounts is calculated by applying a monthly periodic rate to the monthly average positive available balance in the account each month as follows: monthly average positive available balance x ECR / days in the year x days in the month. Unless otherwise agreed upon, earnings credit is applied to your account on a monthly basis, and unused earnings credit during a month cannot be used in following months. If the earnings credit for a given month is less than the total of service charges, then the applicable fees will be assessed to the account. For purposes of this paragraph, the term “average positive available balance” means the average account balance for the statement cycle less the average amount of each day’s deposit that is in the process of collection.

C Branch Coin and Currency Change Order fee does not apply to Truist Simple Business Checking, Truist Dynamic Business Checking, Commercial Suite Checking, Truist Simple Business Savings, Business Managed MRS, Truist Business Money Market, Public Fund Interest Checking, Public Fund Money Rate Saving, Basic Public Fund Checking, Intercompany MRS, Truist Community Checking.

D Deposit Account Usage Rate (previously known as Deposit Assessment Fee) calculates a monthly fee that includes various expenses incurred by the Bank for servicing accounts. The fee applies only to Analyzed Checking, Corporate Edge Checking, Public Fund Analyzed Checking, Analyzed Interest Checking, Analyzed Interest Checking - Public Funds, Collateral Reserve Checking and other accounts with ECR. It also applies to Commercial Interest Checking, Smart Sweep, Public Special Money Rate Checking, and IOLTA/IOTA. The fee is displayed on the Account Analysis statement as an annual rate. The fee is assessed on the average positive ledger balance for the month. The average positive ledger balance is divided by 100 and then multiplied by the annual rate and then divided by 12 to arrive to the charge amount for the month. The charge is variable and subject to change at any time without notice. The rate for IOLTA/IOTA only is 0.0444%. For IOLTA/IOTA only this fee is deducted from interest.

E For Incoming International Wire Transfers, intermediary financial institutions may deduct additional fees from incoming international wires, reducing the amount of proceeds credited to your account.

F Foreign bank fee: The net amount paid to you or credited to your account may be less than the face value of the item, due to fees being charged by the domestic or foreign paying bank and intermediary banks. Fees may vary.
