<p>Posting Order</p>	<p>Truist will post items to your account based on your available balance. The available balance can be impacted by pending transactions. Examples of common pending transactions can be found in the Bank Services Agreement.</p> <p>Once the available balance is determined, prior-day credits and debits will post before current-day credits and debits. Once prior-day credits and debits are determined, if any, transactions will post in order according to the groupings below:</p> <p><b>Deposits and credits</b> – All deposits and credits will be posted to the account first. This includes cash and check deposits and incoming transfers (i.e., direct deposits and wires) received before the cutoff time at the location the deposit or transfer was made.</p> <p><b>Bank-initiated transactions</b> – These transactions include corrections and Returned Deposited Item/Cashed Item.</p> <p><b>Client-initiated withdrawals and debits</b> – Withdrawals/payments that have been previously authorized and cannot be returned unpaid. This category includes debit card purchases, ATM withdrawals, account transfers and teller-cashed checks. If more than one of these transactions is received for payment from your account, the items are generally sorted and paid based on the date and time of the transaction. For a debit card transaction, if a merchant does not seek authorization from the bank at the time of the transaction, the date the transaction is received for payment from your account will be used.</p> <p><b>Client-initiated withdrawals and debits such as ACH (automated payments)</b> – Transactions such as bills that are paid by authorizing a third party to withdraw funds directly from your account. If there is more than one of these types of transactions, they will be sorted by the date and time that they are received. Multiple transactions that have the same time will be sorted and paid from lowest to highest serial number.</p> <p><b>Client-initiated checks</b> – Checks will be posted and sorted in sequential order.</p> <p><b>Bank fees</b> – Fees, such as the Monthly Maintenance Fee, will post to your account last. Please note that some fees will be posted to your account at the time they are incurred and others, like maintenance fees, will post last.</p>
